!! 33rd edition of the World Medical and Health Games !!

Dear Sir or Madam,

Every year since 1978, about 2,000 medical doctors and health professionals, from all over the world, meet up in a beautiful environment and a fabulous atmosphere to compete in their favourite sports and to assist to the International Symposium of Sports Medicine.

Our aim is to make of these World Medical and Health Games a key event in the Sport Medical World. That is why we are contacting you. Indeed:

- Your position certainly gives you an access to health profession members who might be interested in this sports event (teams of sport medical associations), would you please be so kind to inform them?
- Maybe you even have an access to some special boards dedicated to posting information. If that is the case, we would be grateful if you could post the attached poster in one of these locations,
- Finally, you could send an informative note to professionals you know which could be concerned by the event or you could just post our website link, www.medigames.com, onto yours.

After a great edition in Las Palmas de Gran Canaria (Spain) in 2011, we are now heading to Turkey! **Istanbul**, wonderful city which had been named European Capital of Culture in 2010 and which is currently European Capital of Sport in 2012, will be hosting the 33rd edition of the "Medigames" from July 7th to July 14th.

To register as well as to get any practical information (sport programme, registration form, competitions' rules, etc.), please do not hesitate to visit our website: www.medigames.com. For any additional request, to ask for booklets or posters, please contact directly M. Jérémie ROUALET by sending an email to: roualet@medigames.com.

We thank you for the interest in this fraternal sport event and are looking forward to meeting you in Istanbul next summer!

Warm regards,

**The Organising Committee of
the World Medical and Health Games**
